*This certificate is only valid for sale of FSC products when accompanied by a current product schedule. Validity of this certificate shall also be verified by checking the FSC database: info.fsc.org or by contacting Soil Association Certification: forestry@soilassociation.org This Certificate is the property of Soil Association Certification Ltd and all copies or reproductions of the certificate shall be destroyed or returned to the Soil Association Certification Ltd immediately, on request.
A description of the products, sites or services that are included in the scope of the certificate may be obtained from Soil Association Certification on request.
This certificate itself does not constitute evidence that a particular product supplied by the certificate holder is FSC certified (or FSC controlled wood). Products offered, shipped or sold by the certificate holder can only be considered covered by the scope of this certificate when the required FSC claim is clearly stated on invoices and shipping documents.

BOMBARDO

Triacetate yarn “soalon” sustainability certificate

We are constantly manufacturing products with consideration for sustainability.

We certify that we do not use the following materials for the production of “soalon” .

- 1) Illegally logged wood.
- 2) Wood logged in violation of traditional or human rights.
- 3) Wood logged from forests that are threatened with high conservation values
- 4) Wood logged from forests that are being converted to plantations or non-forest use.
- 5) Wood logged from forests in which genetically modified trees are planted.

* Manufacturing plant of “soalon” has obtained FSC® CoC certification (FSC-C137186) .

* Cellulose triacetate flake (Raw material of “soalon”) supplier:
DAICEL CORPORATION (FSC-C137187)

* Wood pulp(starting material of cellulose triacetate flake) manufacturer :
RAYONIER ADVANCED MATERIALS (FSC-C128948)
• Species of raw wood : Hard wood (oak, maple, poplar, etc.),
• logged area : Southeastern of United States
